

National Action Alliance to Advance Patient Safety

Summer Webinar Series Agenda

Involving Patients and Families in Safety

Tuesday, July 25, 2023

2:00 – 3:00 PM ET

Questions We are Running On:

1. What are the foundational elements of including patients and families in safety?
2. What new opportunities exist to engage patients and families to make care safer, moving from advisory roles to inviting them to be part of codesign, building trusted relationships, and leading to action?
3. How do we go about implementing patient and family engagement?

2:00 Welcome

Presentation

Sue Sheridan

Founding Member, Patients for Patient Safety, U.S.

Foundational Elements of Including Patients and Families in Safety and NEW Opportunities to Meaningfully Engage Patients and Families to Make Care Safer
